FLIPPED OFFICE HOURS

Figure 1. Three-Tiered Framework of Positive Behavioral Interventions and Supports (PBIS)

Description:

In order to provide deeper technical assistance and give PBIS teams/leads the opportunity to receive specific support on their own identified needs, SSTR5 will be utilizing the flipped classroom strategy for our office hours. Participants will engage with specific assigned content and resources prior to our virtual session(s) and will be encouraged to come with questions and ideas regarding how the information will be transferred to their school. This pre-work will allow more time for problem-based activities that involve higher-order thinking and real-life application during the scheduled live meeting time. Participants will be required to determine actions steps to be implemented that will be followed up by an SST consultant.

Prerequisite:
